AN ACT

RELATING TO HEALTH CARE; REQUIRING A PRACTITIONER WHO
PRESCRIBES OR DISPENSES AN OPIOID TO A PATIENT TO OBTAIN AND
REVIEW REPORTS FROM THE STATE'S PRESCRIPTION MONITORING
PROGRAM AND FROM ADJACENT STATES, IF ACCESSIBLE, FOR SUCH
PATIENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. A new section of the New Mexico Drug, Device
and Cosmetic Act is enacted to read:

"OPIOIDS--REQUIRING PRACTITIONERS TO OBTAIN AND REVIEW
REPORTS FROM THE PRESCRIPTION MONITORING PROGRAM.--

A. For purposes of this section:

(1) "opioid" means the class of drugs that
includes the natural derivatives of opium, which are morphine
and codeine, and related synthetic and semi-synthetic
compounds that act upon opioid receptors;

(2) "practitioner" does not include a
pharmacist, veterinarian or euthanasia technician;

(3) "prescription monitoring program" means
a program that includes a centralized system to collect,
monitor and analyze electronically, for Schedule II through V
controlled substances, prescribing and dispensing data
submitted by dispensers; and

(4) "Schedule II through V controlled

1 substance" means a substance listed in Schedule II, III, IV
2 or V pursuant to the Controlled Substances Act or the federal
3 controlled substances regulation, pursuant to 21 U.S.C. 812.

4 B. Before a practitioner prescribes or dispenses
5 an opioid for the first time to a patient, the practitioner
6 shall obtain and review a report from the state's
7 prescription monitoring program for such patient for the
8 previous twelve calendar months. If the practitioner has
9 access to a similar report from an adjacent state for the
10 patient, the practitioner shall also obtain and review that
11 report. The provisions of this subsection shall not apply to
12 the prescription or dispensing of an opioid for a supply of
13 four days or less.

14 C. A practitioner shall obtain and review a report
15 from the state's prescription monitoring program and similar
16 reports from an adjacent state, if any, no less than once
17 every three months for each established patient for whom the
18 practitioner continuously prescribes or dispenses opioids.

19 D. A practitioner shall document the receipt and
20 review of reports required by this section in the patient's
21 medical record.

22 E. Nothing in this section shall be construed to
23 prevent a practitioner from obtaining and reviewing a report
24 regarding a practitioner's patient from the state's
25 prescription monitoring program or a similar report from

1 another state with greater frequency than that required by
2 this section, in accordance with the practitioner's
3 professional judgment.

4 F. Nothing in this section shall be construed to
5 require a practitioner to obtain a prescription monitoring
6 report when prescribing an opioid to a patient in a nursing
7 facility or in hospice care.

8 G. The professional licensing board of each
9 category of practitioner that is licensed or otherwise
10 authorized to prescribe or dispense an opioid shall
11 promulgate rules to implement the provisions of this section.
12 Nothing in this section shall be construed to prevent a
13 professional licensing board from requiring by rule that
14 practitioners obtain prescription monitoring program reports
15 with greater frequency than that required by this section."

16 SECTION 2. EFFECTIVE DATE.--The effective date of the
17 provisions of this act is January 1, 2017. _____
