New CME Reporting Requirement

The New Mexico Medical Board is requiring MD licensees to provide the following CME information on their renewal application:

1. Date of CME;
2. CME title and provider; and
3. CME credit hours earned.

A form to list your required CME is provided by clicking here. Please fill out this form or a document or spreadsheet with your list, and email it to medrenewals@state.nm.us. When submitting your email with the document, please provide your name and license number in the subject line of the email.

NOTE: This is not the CME Audit, this is a basic listing of your CME. You will not need to submit certificates unless you are part of the 10% CME Audit.

The failure to satisfy this requirement will result in delay and possible denial of the licensee’s application for renewal.

Questions? Visit the Board’s website, www.nmmb.state.nm.us or call 505-476-7220.
