THE NMMB WELCOMES ALBERT BOURBON, PA

Albert Bourbon, MPAS, PA-C, was appointed a member of the New Mexico Medical Board by Governor Richardson as of January 2010. He received his Physician Assistant (PA) training at the University of Southern California. Mr. Bourbon completed his post-graduate training in Pediatrics and Neonatology at Norwalk Hospital in Connecticut. He finished his Master's degree through the University of Nebraska. Mr. Bourbon has practiced Pediatrics in Las Vegas, New Mexico for the past 18 years. He has remained active with state and national PA organizations. Here in NM, Mr. Bourbon has advocated for children's issues for many years and belongs to the NM Pediatric Society. He has also participated on many provider credentialing committees. When not busy with his work, Mr. Bourbon stays busy with 3 girls, ages 5, 13, and 16. He also trains for triathlons. Mr. Bourbon has a wonderful wife who keeps him sane and who is also a Physician Assistant.

FAREWELL TO REZA GHADIMI, PA

The Board expresses their thanks and appreciation to Reza Ghadimi, PA for serving on the Board from November 2003 through December 2009. His groundbreaking role as the first Physician Assistant to serve on the Board and his commitment in representing the profession of Physician Assistant will always be remembered. Mr. Ghadimi also participated on various Standing and Special Board committees in addition to serving as a Hearing Officer.

NEWSLETTER *ON-LINE-ONLY*

Beginning with this issue, the Board's newsletter will only be accessible on-line at www.nmmb.com. For physicians who prefer a hard-copy newsletter, we apologize; however, the Board has had to strategize with budgetary cut-backs and moving the newsletter to on-line-only has been necessary during these economic times. We will also be looking at publishing the newsletter more frequently (e.g., quarterly), as well as including more web site links and up-to-date topics of interest.

REPORTING TIMELINES***When to report . . .***

- Medical Malpractice Payments . . . within 30 days of payment
- Credentialing Discrepancies . . . within 90 days of discovery
- Actions Taken by Another Licensing Agency . . . within 45 days of occurrence
- Actions Taken by any Governmental Agency . . . within 45 days of occurrence
e.g. This includes settlements, judgments or dismissals, with or without penalty.
- Actions Taken by any Law Enforcement Agency . . . within 45 days of occurrence, e.g. DWI arrests
- Actions Taken by any Court . . . within 45 days of occurrence

The "occurrence" is defined as when the decision-making body makes the decision.

NOTE: Failure to report shall be subject to a civil penalty not to exceed \$2,000.

Keep Spreading the News . . . NMMB Continues to Waive Application Fees!

The New Mexico Medical Board (NMMB) will continue waiving the licensure application fee for applicants who choose New Mexico **as their first state of licensure**. This incentive began July 1, 2008, when the NMMB voted to waive the application fee on a trial basis in an effort to recruit and retain physicians in New Mexico. The Board will review the budgetary impact and determine the feasibility of continuing this incentive on an annual basis. Determining to waive this fee was a collaborative effort with the Governor's Health Solutions, NM Legislature, the NM Medical Society and the University of New Mexico pursuant to Senate Bill 127, passed in 2008.

ATTENTION PHYSICIAN ASSISTANTS

On August 14, 2009, the New Mexico Medical Board approved a request to waive the licensure application fee for **physician assistants** who chose New Mexico **as their first state of licensure**.

DRUG ENFORCEMENT ADMINISTRATION INFORMATION

The Drug Enforcement Administration (DEA) is revising its regulations to provide practitioners with the option of writing prescriptions for controlled substances electronically. The regulations will also permit pharmacies to receive, dispense and archive these electronic prescriptions. For more information go to:

<http://www.justice.gov/dea/pubs/pressrel/pro62708.html>

Recently adopted rules for multiple Schedule II prescriptions by the DEA appeared to conflict with the long standing DEA policy regarding what a pharmacist may change on a Schedule II prescription after consultation with the prescribing practitioner. In the preamble to the Rule, DEA stated that “the essential elements of the [schedule II] prescription written by the practitioner (such as the name of the controlled substance, strength, dosage form, and quantity prescribed) . . . may not be modified orally.”

As of April 21, 2010, the DEA Diversion website displays the following statement for the question: What changes may a pharmacist make to a prescription written for a controlled substance in schedule II?

“DEA recognizes the resultant confusion regarding this conflict and plans to resolve this matter through a future rulemaking. Until that time, pharmacists are instructed to adhere to state regulations or policy regarding those changes that a pharmacist may make to a schedule II prescription after oral consultation with the prescriber.”

A list of the changes allowed may be found on the New Mexico Board of Pharmacy’s web site.

FREQUENTLY ASKED QUESTIONS: “FAQs”

Check out a NEW feature on the Board’s website (www.nmmb.state.nm.us): “Frequently Asked Questions”!

There are two categories. FAQs directed toward “Practitioners” and FAQs of more interest to “Consumers”.

When you “click” on the **BOLDED** question or subject, you should go directly to the response without having to scroll through all the questions.

We will be updating the questions and responses in this section periodically and hope you will find this addition to the web site useful.

If you think of a question that you would like the Board to consider adding on the website, please write to the Board at nmbme@state.nm.us.

CRIMINAL BACKGROUND CHECKS —REMINDERS—**ATTENTION RENEWING LICENSEES:**

The Criminal History Screening question and answer information as well as the Fingerprint Source List are available on the Board’s web site at www.nmmb.state.nm.us.

A **visual** review of the prints at the time of fingerprinting may identify one of the reasons for FBI or DPS (Department of Public Safety) rejection and save everyone the time involved in having fingerprints retaken. If your prints appear too light, or too dark, or the source used red ink instead of black, or the fingertip was not completely rolled, or the print appears smudged, or the ridges are not identifiable when scanned, the prints may be rejected by the FBI or DPS. Please take the time to look at your prints before leaving the facility where you have them taken.

RULE REVISIONS

The following rule revisions become effective July 1, 2010. These rules were considered and adopted at a Rule Hearing held on May 21, 2010.

Section 13 was added to Part 1 of 16.10.1 NMAC:

16.10.1.13 BUSINESS ENTITIES – AUTHORIZATION TO PROVIDE HEALTHCARE SERVICES:

A. Purpose. The purpose of this regulation is to clarify and confirm that certain business entities are and have been authorized to provide healthcare services in New Mexico.

B. Healthcare services-certain business entities. A business entity formed pursuant to the laws of the state of New Mexico is authorized to provide healthcare services in the state of New Mexico if the healthcare services are provided by or under the direction of persons who are duly licensed to engage in the practice of medicine pursuant to the provisions of the Medical Practice Act.

C. Retroactivity. This section is intended to be a clarification and therefore, it necessarily operates retroactively, as well as prospectively, and is expressly so provided.

Paragraph I was added to Section 11 of Part 4 of 16.10.4 NMAC:

16.10.4.11 ALLOWED COURSES AND PROVIDERS:

I. EXPERT REVIEW. Credit may be claimed by physicians who provide expert services by reviewing investigation cases for the board. A maximum of ten (10) credit hours in any three-year reporting period are allowed for providing expert review.

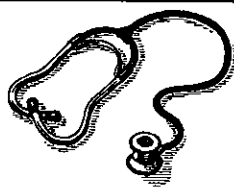

CHIROPRACTIC BOARD'S PROPOSED FORMULARY FOR IV THERAPIES

At the February 2010 Quarterly Meeting, the Medical Board advised the Chiropractic Board representatives that it is not within the jurisdiction of the Medical Board to approve the drugs proposed in the Chiropractic Board's formulary because approval of drugs is the purview of the Federal Drug Administration. The Board of Chiropractic Examiners held a Rule Hearing on June 14, 2010, proposing intravenous injections of vitamins and other substances. The Medical Board appeared at this Rule Hearing and spoke in opposition to it, because the proposed rules would violate the Chiropractic Board's statutory authority. The Chiropractic Board voted to remove the portion of their proposed rules that would have allowed IV drug therapies. The Medical Board will continue to support legislation that would create a scope of practice review panel so that broad expansions in scope of practice may be evaluated impartially, thus avoiding the conflicts that arise in such cases as this one.

TOP 10 REASONS PHYSICIANS/PAs ARE DISCIPLINED BY THE MEDICAL BOARD

We thought you might be interested in the top 10 reasons Physicians/PAs are disciplined by the Medical Board. The following list are the violations addressed most often.

1. Substance Abuse (drug and alcohol abuse/dependency)
2. Dishonesty (failure to disclose required information when applying or renewing a license)
3. Injudicious Prescribing
4. Failure to Maintain Accurate Medical Records
5. Disruptive Behavior
6. Sexual Misconduct or Other Patient Boundary Issues
7. Violation of an Existing Order
8. Adverse Action Taken Against the Licensee by Another Licensing Jurisdiction
9. Gross Negligence
10. Repeated Similar Negligent Acts

Physician Supply & Distribution Survey

In collaboration with the New Mexico Health Policy Commission, the New Mexico Medical Board (NMMB) has included the Physician Survey as a requirement of the 2010 renewal process. This survey is designed to help planners, policy makers, and the public make informed decisions about the adequacy of the physicians workforce in their communities, regions, and the state. In particular, regarding income levels, it is intended to be used in ongoing efforts of the Health Policy Commission to make solid recommendations to policy makers about the health care worker's recruitment and retention improvements. Knowing the income levels of general and specialty physicians can be taken into account when recommending incentive measures such as debt repayment, scholarships, etc.

Death Certificates & Vital Statistics

The key roles of the physician in Public Health are: *prompt* reporting of any public health emergencies; *early* reporting of important diseases and conditions, especially the *mandatory notification diseases*; and, the *prompt and accurate* completion of death and birth certificates. The Department of Health emphasizes the importance of calling the DOH [505-827-0006]: *EARLY* in the diagnostic process of suspected serious disease, even before testing; *MID-DIAGNOSIS* when a disease must be reported within 24 hours; and call *WHEN A DISEASE SEEMS OUT OF CONTROL* in your community. Your local County Health Office number can be obtained at 505-827-2389.

All the guidance you will need for the accurate completion of Death Certificates can be obtained at: http://www.cdc.gov/nchs/data/dvs/blue_form.pdf. An example of the completed form and complete instructions are included. More solutions to problems are found at: <http://www.cdc.gov/nchs/about/major/dvs/handbk.htm>. The form itself, with additional instructions, is located at: <http://www.cdc.gov/nchs/data/dvs/std-dcrt.pdf>. For additional "live" help, contact Renee Valencia, Vital Records and Health Statistics, at 866-534-0051 or write to her at renee.valencia1@state.nm.us.

Nationally Notifiable Infectious Diseases for 2009—and previous years—may be found at: <http://www.cdc.gov/ncphi/diss/nndss/phs/infdis2009.htm>.

IMPORTANT ADDRESS CHANGE INFORMATION

The address the Board has on file for you is what **you** provide us. If you give us only a home address and no work address, then your home address is what we will use as your mailing address ... it's also the address we will include in the roster and post on the web site (www.nmmb.state.nm.us). Similarly, the specialty information we have is what **you** have provided us.

If you have provided the Board with both a home address and a business address, it is very important that you specify which address you are changing and to specify which address you want the Board to use as your mailing address. So please check the roster or the Board's web site and see what information we have for you. If it is incorrect, or you would like to add a practice address or specialty, you'll need to let us know *in writing, by fax, letter, or e-mail*.

Address changes may be provided to Board Staff over the telephone, yet we will request that applicants or licensees follow-up the phone conversation with an e-mail, fax, or letter verifying the address change. You may also e-mail your address change by going to the home page of the Board's web site and click on "Address Changes" at the bottom of the page.
