Out of those licensees audited, one hundred and forty-eight licensees are board certified, 58 hold lifetime certification and 90 hold time limited certification.

Sixteen state boards responded to the survey. Half of the state boards do not monitor whether a provider has been out of practice while maintaining an active license. Staff recommended adding a rule that would require providers to notify the board 90 days prior to re-entry into clinical practice. Further discussion of the relationship between active licensure and medical practice will be held at a later time.

- G. Financial / HR Manager** – Ms. Mascarenas reviewed the FY2010 Budget and Revenue Status report. At this time, revenues are lower than expenditures due to the fact that most revenues are expected during the renewal period of April-June, 2010 license renewals.

Medical Malpractice Act and Physician Corporations – NMMS – Andrea Buzzard, Assistant Attorney General, informed the Board at the September meeting that she had reviewed this issue in the past and written an opinion on this subject. She had offered this information to the attorney representing the Public Regulation Commission, Department of Insurance. She informed the Board that as of the date of this board meeting, the Attorney General's office has not received a request for an official opinion regarding whether or not physician practices which are incorporated are covered under the Medical Malpractice Act. Randy Marshall, NM Medical Society Executive Director, informed the Board that the Medical Society plans to issue a writ of mandamus against the Department of Insurance. This will be filed in Hobbs and will request an expedited hearing. Mr. Marshall estimated that over 500 professional corporations will be impacted if the Bulletin issued by the Department of Insurance goes into effect January 1, 2010, and a number of issues would then need to be addressed.

B. Regulation of Urgent Care Centers – NMMS - Lynn Bryant, MD, President-Elect of the New Mexico Medical Society, addressed the Board to request their assistance in

defining what urgent care centers are and establishing guidelines that would define the services that they provide. Dr. Bryant stated that the public assumes these centers are a step below an emergency room. The Department of Health (DOH) does not have a licensure category for urgent care centers. Ms. Hart and Dr. Kovnat will establish a committee to assist in drafting procedures and guidelines, as well as, research other states' policies. Representatives from the Osteopathic Board and Nursing Board will be invited to participate on this committee.

- C. Review Proposed Revisions to the Psychologist Prescribing Rule** – This item was postponed until the next quarterly meeting in February 2010, when one of the presenters was unable to attend.

This item was discussed at the September meeting with Andrea Buzzard, Assistant Attorney General. Ms. Buzzard reviewed Section 61-14A-6 of the Acupuncture and Oriental Medicine Practice Act, which provides that if a doctor advertises to the public or private group that he is an Acupuncturist or includes the term “Acupuncture” in writing, that he must have a Acupuncture license. Ms. Buzzard stated that there is nothing else in the Acupuncture and Oriental Medicine Practice Act that would prevent a physician from using Acupuncture procedures. Before making any decisions on this issue, the Board directed staff to have further consultation with Dean John Pieper, UNM School of Pharmacy and Chair of the Oriental Medicine and Acupuncture Board.
- E. Franchising Arrangements** – The Board discussed this item at the September Interim Meeting. The Board’s Assistant Attorney General and Executive Director are drafting a response.

Dr. Crane stated that the intent is to be sure physicians are qualified and competent within their scope of practice not only in the initial application process, but at the time of renewal of licensure, and throughout their professional careers. A final report will be sent to the Federation Board in February, 2010 and presented to the House of Delegates at the April, 2010 annual meeting.
