## 9. New Business

### Proposed Rule Change to NMAC 16.10.4.8- Continuing Medical Education (CME) Requirements

Dr. Richards discussed the proposed rule change with the Board, noting that it would provide greater flexibility to modify Continuing Medical Education (CME) requirements as needed. He explained that the Rural Healthcare Transformation Act includes specific CME requirements for physicians in the state of New Mexico, including a mandate for one hour of CME focused on nutrition.

The proposed modification would allow the Board to implement required CME changes more efficiently and in a timely manner. Dr. Richards further emphasized that failure to align with these requirements could result in point deductions on the state's application to the federal government for Rural Healthcare Transformation funding.

**MOTION** was made by Dr. Carson to approve proposed rule change and begin the rule hearing process to implement 1 (one) hour of Nutrition CME. **SECONDED:** Dr. Barrett. **YES:** Dr. Carson, Dr. Barrett, Ms. Medrano, Dr. Reidy, Dr. Richards, Dr. Roth, Dr. Scoggins, Dr. Unverzagt. **EXCUSED:** Ms. Daniels.

### Proposed Added Language to NMAC 16.10.2.10- Expedited Licensure

Dr. Carson took a moment to explain the proposed added language for 16.10.2.10 NMAC. After much discussion the Board agreed on the following language to proceed to rule hearing.

*The NMMB will accept an application for expedited licensure from any individual who holds a medical license in all 50 states of the United States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, and all other territories or dependencies of the United States.*

*The NMMB will also accept an application for expedited licensure from individuals licensed to practice medicine in Canada, provided they meet the requirements outlined in 16.10.2.10 NMAC.*

*Licenses from all other foreign countries are not eligible for expedited licensure, as their accreditation standards have not been verified as equivalent to those of the United States.*

**MOTION** was made by Dr. Barrett to approve proposed language to 16.10.2.10 NMAC.

**SECONDED:** Ms. Medrano. **YES:** Dr. Carson, Dr. Barrett, Ms. Medrano, Dr. Reidy, Dr. Richards, Dr. Roth, Dr. Scoggins, Dr. Unverzagt. **EXCUSED:** Ms. Daniels.

## Finance:

Lusan Leyba, CFO, presented the following financial statistics to the Board.

### Budget Revenue and Expenditure Status (Ending December 31, 2025)

For the period July 1, 2025 through December 31, 2025, total expenditures were \$1,481,970.57, representing 41.13% of the approved operating budget of \$3,603,400.

During the same period, the agency collected revenues totaling \$707,504.09, which represents 21.10% of the total budgeted revenues of \$3,603,400 (Operating Budget: \$3,353,400; Fund Balance: \$250,000).

Ms. Medrano provided an overview of the updated financial documents distributed to committee members, noting that the financial report was revised twice and reflects current revenue and expenditure data.

### Revenue Overview

Revenues are primarily recognized in April and May, largely due to state licensing activity tied to graduation cycles.

As of this point in the fiscal year, the agency has received approximately 21% of budgeted revenues, which explains the lower revenue realization reflected in the report.

For FY26, the agency received approval to access \$250,000 from the fund balance, which may be utilized during the fiscal year if needed.

### Fund Balance Considerations

Ms. Medrano emphasized the importance of accurate expenditure projections, noting that unused budgeted funds roll back into the fund balance, causing it to grow.

A growing fund balance carries a risk of potential legislative or executive sweeps during statewide budget shortfalls; the agency last experienced such a sweep in 2016.

A portion of the fund balance includes non-generated revenue, such as a \$623,000 transfer received by the agency, which ultimately rolled into fund balance.

### Expenditures and Vacancy Savings

Staff vacancy rates have been effectively projected at 15–18%, consistent with standard agency budgeting practices.

Although vacancy savings exist, the agency has been unable to fully access them due to a position created after budget submission that lacked approved funding.

As a result, available vacancy savings were used to support that position. Funding for the position has been requested for FY27, which should resolve this issue going forward.

A Budget Adjustment Request (BAR) was processed to shift funds to contracts where allowable.

#### Litigation and Cost Projections

One of the agency's primary expenditure challenges is the unpredictability of litigation costs.

Ms. Medrano requested a review of four to five years of historical litigation expenses to improve trend analysis and strengthen future budget requests.

Improved expenditure forecasting is intended to better align revenues and expenses and reduce continued growth of the fund balance.

#### Future Budget Strategy

Ms. Medrano recommended leveraging the agency's investigative backlog of approximately 300 cases as justification for requesting additional staffing in future budgets.

The intent is to request funding for five to six additional staff positions in upcoming fiscal years to address workload demands.

While fund balance access for staffing is limited, alternative approaches through contracts or future budget requests may be pursued.

### FRIDAY, FEBRUARY 6, 2026

#### Friday, February 6, 2026

The Board returned to open session. Dr. Carson stated for the record that the matters discussed in executive session were limited only to those specified in the motion for closure.

##### Executive Director:

##### Personnel Update:

- Dr. Shields will serve as the Board’s new Medical Director and will officially begin on Monday, February 16.
- Daniel Holmes, Esq., will be joining the Board as its new Prosecutor. Ms. Parks noted that he is returning to New Mexico from Pennsylvania, with a tentative start date in March.
- The Board has also hired Marta Beltran Del Rio as the Investigations Supervisor. She will begin her position on Monday, February 16.

Following the personnel updates, Dr. Shields briefly introduced himself to the Board.

**EBAS:**

Mrs. Parks reported that she and Samantha Breen, Licensing Manager, recently met with Bradley Guye, Business Development Manager for Ethics for Public Protection (EBAS). Mrs. Parks noted that EBAS offers a range of assessments, including Boundaries, Unprofessional Conduct, Professional Standards, and Substance Abuse evaluations. She suggested that the Board could utilize EBAS for licensees requiring any of these assessments. Mrs. Parks also highlighted that the services are affordable, conducted remotely, and supported by multiple testing sites across New Mexico.

Following further discussion, the Board agreed to schedule a more formal presentation by Bradley Guye at a future meeting.

**Legislative Update:**

Mrs. Parks provided the Board with an update on the following bills:

SB1- Physician Licensure Compact- Signed into law on 2/5/2026

HB127- Medical Board Expedited Licensure

HB241- Medical Practice Court Notices on NMMB Website

HB213- Expansion of Optometry Act

**Board Chair**

Dr. Carson provided an update on the Telemedicine Registry and noted that the Board may experience a financial loss during the initial startup phase of the registry. Dr. Carson also followed up regarding the Lorna Breen confirmation and inquired whether this could be completed.

Strategic plan edits have been received, and Dr. Carson will review and finalize them before distributing the revised plan to the Board for review and approval at the next interim board meeting. Disciplinary guidelines will be deferred at this time.

**11. Presentations**

Interstate Medical Licensure Compact Commission - Marschall Smith, Executive Director

Mr. Smith introduced himself and shared his professional background with the Board, noting that he has served as Executive Director of the Interstate Medical Licensure Compact Commission (IMLCC) since 2017. He outlined the key differences between the IMLCC and other professional compacts and explained how the IMLCC operates, emphasizing that its primary purpose is to provide an expedited pathway to medical licensure. Mr. Smith clarified that licensure facilitation is the only area in which the IMLCC is involved with New Mexico’s authority to regulate the practice of medicine.

He further provided information regarding the application fees associated with licensure through the compact and explained how those fees are distributed between the IMLCC and the New Mexico Medical Board (NMMB). Mr. Smith also shared projected statistics related to the anticipated number of applications the NMMB may receive through the compact process, as well as updated IMLCC data on participating physicians, applications, and member states.

Mr. Smith then described the licensure process for applicants applying through the NMMB under the IMLCC, including the day-to-day functions and procedures that will be implemented. In closing, he highlighted the positive impacts the compact is expected to have on the NMMB. The Board briefly discussed the information presented with Mr. Smith.

**New Mexico Medical Review Commission Proposal - Neal Shaddoff, MD**

Mr. Shaddoff introduced himself and shared a proposal that the New Mexico Medical Review Commission (Review Commission) is presenting to the New Mexico Medical Board regarding medical malpractice. He informed the Board that the Review Commission is attempting to look at malpractice from a patient care perspective and broke down the goals of this proposal to the Board and noted who the Panel members of the Review commission and their perspective roles.

He further provided details regarding a proposed re-licensure requirement that would require licensed medical professionals, if selected, to volunteer and serve on at least one panel per year. Mr. Shaddoff explained the importance of this proposed requirement, citing research, feedback, and statistical data gathered by the Review Commission. He concluded his presentation by responding to questions from the Board.

**12. Adjourn**

There being no further business before the Board, Dr. Carson adjourned the meeting at 10:48 am.
